GROWING LIFELONG *learners* WHO WILL *transform* THE WORLD FOR CHRIST

ABOUT US

CLASSICAL & CHRISTIAN

Classical education is grounded in the Trivium, the time-honored approach to learning that corresponds with the progressing stages of child development. The Trivium breaks down each subject of study; every subject has aspects of grammar, logic, & rhetoric. Biblically, this aligns with the order of spiritual maturity: developing knowledge for understanding and wisdom. A Christ-centered education includes not only a Christian environment where students are to be instructed with academic excellence, but places Christ at the center of all learning.
